

MINNESOTA SCHOOL OF BOTANICAL ART
CERTIFICATE ENROLLMENT FORM

The Minnesota School of Botanical Art has been designed to reach the ideal goal of serving both science and art. Courses are offered in how to observe, how to reproduce, all based on the firm understanding of the life and limb of the living object, its structure, its place in the plant kingdom, its place in the larger environment. In keeping with this goal, three levels of certificates in botanical art are offered: Primary, Advanced and Master Class.

To enroll in the Certificate program, please complete the following information and return it via mail to the address listed below.
